Hello Candon,

I hope all is well for you, too. Things are fine here, a little damp :) Thanks for sending over the proposed standards, and congratulations! We'll take a look during the public comment period. Wanted to check on the public hearing, are you planning a virtual hearing and can you let me know when that will be held? The CTCLUSI are also preparing to go out to public notice soon, I believe they were planning a virtual hearing.

Thanks so much, I'm happy to see the WQS go out for public notice. Please let me know if I can help in any way.

Maja
